EXECUTIVE SUMMARY

A Final Year Computer Science Engineering student with a proven track record as a Full Stack Developer, delivering robust and scalable web applications. Leveraging expertise in both frontend and backend technologies to drive impactful digital solutions.

PROFESSIONAL EXPERIENCE

Internship in IT Division [🔗](#)

Food Safety and Standards Authority of India

Delhi, India

10-07-2025 - 25-09-2025

- Developed and launched the official website for the Global Food Regulators Summit.
- Implemented a dynamic content management system, reducing event update processing time and helping streamline communication for national and international attendees.
- Optimized the site's accessibility features.
- Enhancing user experience and facilitating seamless access to event resources.

EDUCATION

B.Tech in Computer Science

Maharshi Dayanand University

Delhi, India

2026

Senior Secondary - XII

Rainbow English Sr. Sec. School

Delhi, India

2022

Secondary - X

Rainbow English Sr. Sec. School

Delhi, India

2020

STRATEGIC PROJECTS

Nexora - Real-Time Communication Platform [🔗](#)

- | Next.js, WebRTC, LiveKit, TypeScript, React, Node.js, WebSockets

Developed a feature rich Discord clone from scratch, implementing real time voice, video, and chat functionalities using WebRTC. Achieved uptime and reduced latency through optimized peer to peer connections. Engineered a scalable architecture with Next.js, improving server response times. Designed an intuitive UI with modern aesthetics, enhancing user engagement. Implemented robust backend services with LiveKit, ensuring seamless real-time data synchronization and high quality audio/video streaming.

Global Food Regulators Summit 2025 - Event Website Development [🔗](#)

- | React, HTML, CSS, JavaScript, Responsive Design

I developed the official website for the Global Food Regulators Summit (GFRS), organised by FSSAI, focusing on clear content structure, responsive design, and easy access to event updates. The platform functioned as the primary source of summit information, helping streamline communication for national and international attendees.
